SUMMARY

Product Designer with 7+ years of design experience, including 5+ years in product and UX design across enterprise, consumer, and seller-facing commerce products. Leads product design for complex features from 0 to 1, such as a self-serve seller-funded coupons feature and a role-based learning portal for Accenture's 300,000+ employees in India, through research, interaction design, prototyping, and delivery. Partners closely with PMs, engineers, and business teams to turn user and business requirements into clear, usable experiences, and presents design recommendations to stakeholders.

EXPERIENCE

Product Designer | JioMart, Reliance Retail

Bengaluru, India | Sep 2024 – Present

- As the sole designer, led product design for a self-serve, seller-funded coupons feature from 0 to 1, working with PMs, engineers, and business teams on coupon creation, budgets, seller opt-in, performance tracking, and campaigns.
- Led the redesign of the coupon experience around seller needs and business goals, making budgets, returns, and campaign performance easier to understand and act on.
- Led design of seller dashboards that help merchants track campaign performance and make informed decisions, reducing dependence on manual support.
- Led design of 'One Item Away!', an incentive-based cart progress bar that shows shoppers the nearest reachable reward to raise average order value (AOV), built with engineering as one reusable, CMS-configured component.
- Led the redesign of the post-purchase rating flow, separating delivery feedback from product quality feedback to create clearer signals for customers, sellers, and products.

Senior UX Designer | Accenture

Bengaluru, India | Dec 2022 – Aug 2024

- Designed the gamification system for iAspire, Accenture's role-based learning portal: coins, badges, a curated rewards store, a progress passbook and a leaderboard.
- Owned the gamification flow, directing the day-to-day work of 4 designers (with lead designer approval) on milestones, rewards and engagement features.
- Used user behaviour and product data to identify friction across key learning flows and redesign them.
- Partnered with product and engineering teams to explore design options, resolve trade-offs, and take features from concept to delivery.
- Presented design recommendations to stakeholders, balancing user needs, product goals, and delivery constraints.

UX Designer | Accenture

Bengaluru, India | Aug 2021 – Dec 2022

- Designed iAspire, a role-based learning portal, from 0 to 1 for Accenture's 300,000+ employees in India, including the information architecture and end-to-end journey for exploring career roles and finding learning paths; 200,000+ employees logged in within the first month of launch.
- Worked closely with product, engineering, and senior stakeholders through discovery, design, testing, and delivery.
- Conducted usability testing and analyzed workflow issues to identify and remove key sources of friction.
- Redesigned interactions across the platform to make learning content easier to find and use.

Visual Designer | Renaissance (formerly FrogIdeas)

Sep 2016 – Dec 2018

- Designed digital experiences and communication assets for clients including Wipro, Bosch, Edureka, and HealthifyMe.
- Delivered visual design across digital campaigns and communication projects, presenting design ideas to clients and internal stakeholders.

SKILLS

Product Design: User Flows, Interaction Design, Information Architecture, Prototyping, Usability Testing, Design Systems, Responsive Design, Accessibility

Product Thinking: 0-to-1 Product Design, Problem Framing, User Research, Journey Mapping, Data-Informed Design, Engagement Design

Domains: Commerce and Seller Products, Consumer Products, Enterprise Learning Platforms

Collaboration: Product and Engineering Collaboration, Stakeholder Communication, Design Critique, Design Handoff

Tools: Figma, Figma AI, Figma MCP, FigJam, Figma Make, Miro, Adobe Creative Suite, Notion, Cursor, Claude, Claude Code, ChatGPT

EDUCATION

M.Des, Graphic Design | MIT Institute of Design, Pune

B.Tech, Mechanical Engineering | MG University, Kerala
